

## Capture qualified leads when you sponsor an Editorial Webcast

Mix announces the 2008 Editorial Webcast Series, covering professional applications in an online, Master Class environment. Audio industry professionals will cover a wide range of topics, including Monitoring, Music Editing, P.A. Tuning and more, from an in-depth technical and creative point of view.

These one-hour events provide attendees an opportunity to learn interactively while at their desktops or home computers, at their own pace! They provide sponsors with an excellent opportunity to reach a large and engaged audience in a unique online forum.

Topics are taught by experienced engineers and working professionals, with an emphasis on quick, need-to-know instruction. These are not product demonstrations or promotions. These Webcasts offer in-depth technical and creative training. And they're free for the audience!

These sponsorship opportunities are available on a first-come, first-served basis.

**Contact your sales manager to reserve your spot today!**

### **SPONSORS RECEIVE**
